Wednesday Afternoon Session

SENATE ALREADY STARTS ON BILLS

At 2 o'clock yesterday the Senate resumed its labors, beginning with the reading of the Governor's message by the assistant clerk. This lasted until 2 p. m.

A communication was read from the House announcing that it was organized and ready for business.

Coelho introduced the following three petitions from the Leper Settlement. The first asked: "That the pay and salary of our resident physician, Dr. W. J. Goodhue, be appropriated at \$5000 a year instead of \$4000 a year as at present."

The petitioners stated further that they would show their reasons when the Legislative Committee of investigation came to the Settlement.

The second petition stated that at a mass meeting held at Kalawao the inmates had decided to make the following requests through Senator Coelho:

"1. That the monetary allowance we are receiving be increased to \$16 a year; but instead of the same being in 'goods allowance' it be paid in cash.

"2. That if a person, male or female, is segregated here on account of leprosy and has a wife or husband who is not, such husband or wife should be given a permit to come and reside with the wife or husband as 'kolohu' (helper).

"3. We strongly protest against the resolution adopted by the mass meeting held at Kalawao on January 29, 1907, providing that Dr. Wallace be permitted to come into the Settlement to treat lepers.

"4. That goods or merchandise at the Board of Health store be sold to the lepers at cost price and not at a profit.

The third petition was as follows:

"1. That pure and good liquor be permitted entrance into the Settlement.

"2. That Dr. Wallace be permitted to enter the Settlement for the purpose of treating the lepers with his medicine.

"3. That the annual monetary allowance of the lepers be raised from \$10 to \$16.

"4. That the laborers at the settlement be paid from \$1 a day up . . .

"5. That the sum of \$4000 be appropriated for the pay of police of the County of Kalawao.

"6. That an appropriation be made for postage stamps for the free use of lepers."

These petitions were referred to the Health Committee.

Lane introduced the following concurrent resolution:

"Be It Resolved by the Senate and House of Representatives of the Territory of Hawaii:

"That in the name of the people of this Territory we cordially extend an invitation to such Honorable Members of the Senate and House of Representatives of the United States as may desire to visit this Territory during the year A. D. 1907, as guests of this Territory."

"And Be It Further Resolved, That the Honorable Joseph Kahanu, Kalaniana'ole, Territorial Delegate to Congress from this Territory, extend this invitation to such honorable members as he deems advisable;

"And Be It Further Resolved, That we agree to appropriate the sum of Fifteen Thousand Dollars (\$15,000.00) by bill to be hereafter introduced to defray the expenses of the distinguished party while on said visit."

"And Be It Further Resolved, that a committee of four members of the Senate and four members of the House of Representatives be appointed by the President of the Senate and the Speaker of the House, such committee to act with the President of the Senate, the Speaker of the House, the Governor and the Secretary of the Territory, all of such committee to act with the Delegate to Congress in attending to all details in carrying out this Resolution."

This was adopted.

Coelho introduced a resolution providing that the Superintendent of Public Works should appoint an engineer to examine into and plan a breakwater at the leper settlement. This resolution was, after some discussion, referred to the Lands Committee.

Coelho gave notice of bills to relate to the salaries of county employees, to encourage diversified industries, to the Mail fire department, to amend the County Act, to assessments of person's interest, to exemption of taxes on certain private lands, to taxation, educational and judicial districts, and to pound, to juries and trial by juries, etc. These bills then passed first reading by title and were referred to the Printing Committee.

McCarthy introduced his liquor bill, his re-districting bill and his election bill. These passed first reading by title.

Smith introduced a primary bill, a bill relating to the rights of married women to deal with their separate property. These passed first reading by title.

Lane introduced a bill to appropriate \$15,000 for the expenses of the visiting Congressmen, which passed first reading by title.

HOUSE FIGHTS ON OFFICERS' SALARIES

At the session of the House yesterday afternoon the caliginous received from Delegate Kahanu at Washington asking that the Hawaiian Legislature invite the Congressional party here, was read as follows:

"I earnestly urge legislation to authorize me to invite a selected Congressional party to visit Hawaii in June as guests of the Territory."

Appropriation ten thousand dollars indicated for transportation only cost may be lessened by privileges now pending local entertainment additional require invitation cabinet use by February twenty-fifth to enable me extend invitations and secure acceptance before adjournment.

KALANIANA'OLE, Delegate.

Kalelopo introduced a resolution regulating the time at which the House should meet daily. There was a great deal of discussion. Kahanu said that the resolution should not be adopted, on the ground that it would compel the members to be to their seats no matter whether there was anything to do or not. The resolution was that the members meet from 9 a. m. to 12 and from 2 to any time they saw fit, Sundays and holidays excepted.

Hughes introduced a resolution asking for the appointment of a committee to investigate the Nuuanu dam proposition. Rice moved that it should be made a concurrent resolution. Discussion followed. Kahanu moved that the resolution with amendments be adopted. Carried. Kahanu introduced a bill touching upon the segregation of lepers.

Castro introduced a resolution extending thanks of the House to the Delegate. Kahanu wanted to know from the introducer what good had been done by Delegate Kahanu.

Castro spoke of the good done by the Delegate. Kahanu amended the resolution so as to read that the House extended thanks to the Delegate for endeavoring to bring the Congressional party here. Rice moved that the resolution as amended by Castro be deferred. Seconded and carried.

Sheldon introduced a resolution to the effect that the clerk furnish members with copies of the Session Laws and other law books that might be needed.

Sheldon also introduced a resolution requesting the Territorial Treasurer to report on monies collected from various licenses; and one requesting the Superintendent of Public Instruction to report on expenses for the support of public schools and public school properties; and another resolution requesting the Superintendent of Public Works to report on the sums appropriated under the Loan Act of 1905 and the reasons in each case why said sums appropriated have not been expended, the works contemplated, completed and to be completed before June 30, 1907. A great deal of discussion followed the resolution touching upon Public Instruction. Kalelopo was strongly opposed to the increase of this department. He wanted to know what teachers wanted to have their salaries raised. Rice moved that the resolution as originally introduced be adopted. Carried.

Correa introduced a resolution to the effect that the House visit the leper settlement. Adopted.

Sheldon introduced a resolution asking the heads of various departments of the Territory to furnish the House with lists of their employees and their salaries. Adopted.

Rice introduced a bill appropriating money for the purpose of defraying the expenses of the March term A. D. 1907, of the Fifth Circuit Court of Kauai. Adopted. It passed the first reading by title.

The Committee on Rules made its report, which was adopted.

Representative Cony introduced a resolution regulating the pay of the officers of the House as follows: Clerk, per day, \$10; interpreter, \$5; stenographer, \$10; sergeant at arms, \$5; messenger, \$5; janitor, \$4; chaplain \$250 for the session.

Hughes introduced the following resolution: Clerk, \$600 for the session; stenographer, \$500; assistant clerk, \$300; sergeant at arms, \$300; interpreter, \$450; messenger, \$250; janitor, \$180; chaplain, \$150.

Mahoe moved that the interpreter be paid \$10 a day. Hughes said that his representatives of the people, they should be more careful in expending public money. He did not think it was wise to pay a chaplain for the session of sixty days \$250. He thought it was sufficient to pay him \$150. Moenauli moved that the chaplain should receive \$400, the same as a member of the House.

ing on full reading. The Secretary was given control of the fund.

Smith introduced the following concurrent resolution:

"Whereas, by an Act of the Congress of the United States, of June third, 1898 (34 Stat. 417) the sum of Thirty Thousand Dollars (\$30,000) has been appropriated for legislative expenses of the Territory of Hawaii, upon the proviso that the members of the Legislature of the Territory of Hawaii shall not draw their compensation of two hundred dollars, or any mileage, for any extra session held in compliance with section fifty-four of an Act to provide a government for the Territory of Hawaii, approved April thirtieth, Anno Domini Nineteen Hundred; therefore

"Be It Resolved by the Senate of the Territory of Hawaii, the House of Representatives concurring, that the benefits of said appropriation be made available to the Territory by a compliance with the terms thereof by the Legislature and the several members thereof, and such compliance is hereby expressed."

This was referred to the Accounts Committee.
